RESTORE YOUR FAITH IN TRIMLESS DOORS

TRIMLESS DOORS AND MODERN LIGHT COVES

- Typical wall width frame with no drywall return based on using 5/8" drywall. Optional jamb extensions are available for wider walls.
- Our special design provides a smooth seamless transition from the wall surface to the edges of the door frame.
- Inswing or Outswing Door frame assembly provides the exact same appearance with the choice of the flush side for either frame.
- All frames are ready for reveal installation 1 3/4" around their perimeter.
- Frame assembly includes Simonswerk Tectus concealed hinges, Italian Magnetic Latch options and frame assembly hardware. The door and lever hardware is excluded.
